Ahmedabad's air more dangerous for infants, toddlers

AHMEDABAD: City's air pollution is emerging as a big threat to children's health. In a first-of-its-kind study on children below the age of six, researchers collated data from a public hospital to show how infants and toddlers suffer more than adults when exposed to particulate matter pollution (PM 2.5).
The 18-month-long study found that of the 12,635 paediatric admissions, 2,682 children below six years of age - almost 21% - had reported respiratory disorders and infections due to air pollution. The WHO has prescribed minimum exposure of toddlers and infants to particulate matter pollution of the order of 15 microgram per cubic metre (of PM 2.5). But children are exposed to three or sometimes five times PM 2.5 pollution even when

Central Pollution Control Board (CPCB) norms are met, thus putting them at a greater risk of PM 2.5. It is time that the state and the Centre evolve a strategy to include children when designing pollution standards. Kids are our future, and the government should encourage research on mitigating pollution and investigating how it's affecting our children.
The study was led by Dr Khyati Kakkad of AMC Medical Education Trust Medical College and LG hospital along with Chirantap Oza, Mumbai - 400064.
Joining them were Priya Dutta from IPH-Gandhinagar, Varsha Chorshiya from School of Physiotherapy, Delhi University, and Prashant Rajput from Public Health Foundation of India, Gurugram. The study found

that around 30.6% of the 2,682 children were exposed to more than 150 micrograms of PM 2.5. Another 74.83% lived at a distance of less than 500 metres from the main road, thus exposing them to vehicle fumes; around 11.59% of children were affected by indoor air pollution.
Around 25% of the children were from economically weaker sections and lived in kutcha houses.
Of these, the homes of 20% of the children had only one window.
Out of 2,682 respiratory admissions, 1612 (60.1%) were experiencing "wheezing disorders" while 1,070 (39.9%) were diagnosed with "non-wheezing disorders". The study noted, "Infants and young children have less complete lungs, a larger proportion of small

airways, weaker chest wall and less immature immune system. These make them more vulnerable to respiratory diseases." Another interesting fact emerged from the study was according to WHO recommendation, young infants or toddlers must not be exposed to particulate pollution levels of PM 2.5 exceeding 15 micrograms per cubic metre. However, the annual average PM2.5 concentration in Ahmedabad was 80.27 micrograms per cubic metre.

Junagadh cop feted for probe

Rajkot: Junagadh district's deputy Superintendent of police, Pradeepsinh Jadeja, was awarded a medal for excellent investigation in a double murder case of Bhavnagar by Union home minister Amit Shah at function in Nadiad on Sunday. In October 2012, the Nilambaug police of Bhavnagar city had lodged an offence after a woman named Sangeeta Pande and her 11-year-old son were found murdered. Jadeja was police inspector of A-division at that time

19-year-old held for caretaker's murder

Rajkot: Rajkot crime branch on Saturday arrested a 19-year-old youth from his native place in Rajasthan for allegedly killing the 68-year-old caretaker of a bungalow on the posth Anin Marg in the city. The accused had worked at the bungalow earlier and knew the victim well. The police arrested Anil Meena from Bhoral village under Semari taluka in Udaipur district based on specific intelligence and technical surveillance. He had allegedly killed Vishnu Guchala by throttling him on Tuesday night. Guchala was the caretaker at the bungalow owned by businessman Pravin Patel who lives in Vadodra. Rajkot police commissioner Raju Bhargava told TOI, "He was working here before. However, he had no gain out of this murder. We have brought him and are conducting an interrogation." According to police, Meena was working at Patel's farmhouse for a couple of months and he had been called to do some cleaning work at the bungalow during Durga Puja. He knew that an amount of Rs 40,000 to Rs 50,000 always remained with Guchala who was authorised to pay the salary to those people working at the bungalow. "On Tuesday night, he entered the bungalow with the intention of theft. There was no other staff member inside the bungalow at that time. Guchala spotted Meena stealing the money and he resisted. Meena got scared, so he strangled Guchala. Then, out of fear, Meena left the place without taking any money," said police. After leaving the bungalow, Meena walked towards Kotecha Chowk, from where he took an auto and went to GSRTC bus stand. Then he took a bus to Ahmedabad, where he got down around 3am near Iscon circle. There he took another vehicle to go to Rajasthan. He was captured on CCTV and the investigators checked several footages to track his movement.
Patel's neighbour Ravi had seen Meena running from the bungalow and he had confronted him. He had talked to him in Hindi. Ravi had immediately informed Patel about something "suspicious happening at the bungalow". Then Patel called Guchala's son and his other staff members and asked them to go to the bungalow. When they reached the bungalow, they found that Guchala was already dead.

Bhupendra Patel to hear applicants in 'Rajya-Swagat' programme in Gandhinagar

AHMEDABAD: Chief minister Bhupendra Patel will be present at the state-level online public grievance redressal programme to be held on Thursday, May 26, 2022, in Gandhinagar. The applicant's grievances will be heard by CM and necessary action for proper solutions to their problems will be taken up. This state-wide attention on public grievances by application of technology (Swagat) program to address the grievances of the citizens of the state through conversations and guidance through grievances technology has been started by the Prime Minister Narendra Modi during his Gujarat in 2003. Under this program, the chief minister listens directly to the complaints and grievances of the citizens at the Swagat held on the fourth Thursday of every month. Accordingly, chief minister Bhupendra Patel will conduct this program in the newly constructed reception room with huge seating capacity equipped with advanced technology-facilities on the ground floor of Swarnim Sankul-II. The state level Swagat program is to be held on Thursday. Taluka level Swagat online public grievance redressal program is held on the fourth Wednesday of the month and district Swagat is held on the fourth Thursday morning. CM will also guide the participating district officers through video conferencing from the district level after the state Swagat program. Under this program, the chief minister listens directly to the complaints and grievances of the citizens at the Swagat held on the fourth Thursday of every month.

Notes:
(I) The above Audited Financial Results for the Quarter ended March 31, 2022 and for the year ended March 31, 2022 have been reviewed by the Audit Committee and were taken on record by the Board of Directors in their respective meetings held on May 30, 2022 and review of the same has been carried out by the Statutory Auditors of the Company.
(II) The results for the quarter and year ended 31st March, 2022 were audited by Statutory Auditor the Company.
(III) The audited standalone financial results are prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards)(Amendment) Rules, 2016 and other recognised practices and policies to the extent applicable.
(IV) Segment Reporting as defined in Ind AS 108 is not applicable, since the Company has only one business segment i.e. Chemicals.
(V) "Due to outbreak of COVID-19 globally and in India, the company's management has made initial assessment of likely adverse impact on business and financial risks, and believes that the impact is likely to be short term in nature. The management does not see any medium to long term risks in the company's ability to continue as a going concern and meeting its liabilities as and when they fall due. The management based on current estimates expects that the carrying amount of Receivables, Inventories & Advances will be recovered, net of provisions made. The extent to which the COVID-19 pandemic will impact the company's financial performance is dependent on future developments, which are highly uncertain including among other things, any
